New Business:

The Lambda State newsletter, The Newscaster, will be available on-line and be password protected. This is a pilot program, and copies of the newsletter will still be sent by mail. The state organization is trying to be more cost effective.

Presenters at state or local DKG meetings must now sign a release giving permission to use their name and photos in a newsletter. Members must also sign a release for their names and photos to be used.

Lambda State is now a CPDU provider.

Barb Peterson left money for the Lambda State scholarship fund. Her sister's company generously matched Barb's donation.
