Finance committee meeting to discuss the budget will take place in late March or April via Zoom. Committee chairs, please contact Kris or Joan if you would like the committee to consider any changes from the current 2020-2021 Budget before a proposed 2021-2022 Budget is drafted.

2. Chapter Rules, approved by our chapter 2/6/20 have been reviewed and approved by our Illinois State Organization, Ambassador, Bev Johns. Only change to be made is regarding International's decision that membership dues would be collected in the spring, rather than September. As a result of that decision, the Illinois State Organization is currently requesting that the Chapter Finance Committee prepare a proposed budget and present it to the chapter for approval at a spring meeting. (Prior to this, a proposed budget was generated in the summer and refined after the Treasurer's Report was finalized by June 30 of each year. The proposed chapter budget would then be presented in the fall and approved by the membership in September.)
